All data provided by Invesco unless otherwise stated.

1 iMoneyNet, Inc. is an independent mutual fund performance monitor. The Government Institutional Category is an unmanaged group of money market funds with similar investment objectives and pricing structures as the CAVU Class of the Invesco Treasury Portfolio. iMoneyNet performance figures represent the category average. An investment cannot be made into the category.

2 Portfolio composition is subject to change. An investment category listed with "other" in the name indicates that the underlying holdings did not fall into the SEC's more narrowly defined investment categories.

Invesco Distributors, Inc. is the distributor for the Fund, which is an indirect, wholly owned subsidiary of Invesco Ltd. Invesco is not affiliated with CAVU Securities, LLC.

### Investment Objective

Provide current income consistent with preservation of capital and liquidity.

### Permissible Investments

The fund pursues its objective by investing primarily in short-term, high-credit-quality money market instruments. These instruments are direct obligations of the US Treasury and repurchase agreements backed by Treasury obligations.

### Fund Highlights

- The portfolio management team follows a conservative investment process with respect to minimal credit risk, interest rate risk and liquidity.
- The fund is designed for short- to medium-term cash investments, operating cash, cash sweeps and the liquidity components of investment portfolios.
- The fund aims to preserve capital, maintain liquidity and produce a competitive yield.

### Yields (%)

as of March 31, 2024

*The performance data quoted represents past performance. Past performance does not guarantee future results and current performance may be lower or higher than the performance data quoted above. The investment return and principal value of your investment will fluctuate so that your shares, when redeemed, may be worth more or less than their original cost. You may obtain performance data current to the most recent month-end by visiting [invesco.com](http://invesco.com). The SEC yield listed reflects fee waivers and/or expense reimbursements in effect for the period. Had the Adviser not waived fees and/or reimbursed expenses, your 7-day SEC yield would have been 5.19%. Average annual total returns reflect reinvested distributions, net of expenses for the periods. The 7-day SEC yield more closely reflects the current earnings of the fund than the total returns shown.*
